TECHNOLOGY**

WEEKLY PROGRESS REPORT (WPR)– 1

For week commencing 4 May 2026 to 10 May 2026

Enrollment No. - A010178724023

Program – B.SC (IT) (AI&DS / NS / P&SE / GD&D / MAD) (Hons./Hons. with Research)

Batch – 2024-2028

Student Name – Adarsh Suresh

Faculty Guide's Name – Dr. Sandhya Mishra

Project Title:

Personalized Budget Control using Agentic AI

Targets set for the week:

- To understand the concept of Agentic AI and Budget Control Systems.
- To research existing budgeting and financial advisor applications.
- To finalize the project features, architecture, and technology stack.

Progress/Achievements for the week:

- Studied how Agentic AI can be used for financial planning and expense analysis.
- Analyzed different budgeting applications and identified useful features such as expense tracking, AI insights, and financial goal planning.
- Prepared the initial project architecture and development roadmap.

Future Work Plans:

- To build the frontend pages.
- To display stored expenses on the website.

Regards

Adarsh Suresh
